GP FLASH!

Includes the
Grammar Punk™
Primer and 1 Set of
Grammar Punk Dice!

Apply Grammar (Punk) Once A
Day For Best (Writing) Results

Grammar is the study of writing well—at least it should be. Just because grammar is made up of a *lot* of (boring) rules does not mean grammar should be boring. The rules are important as they will help to build up writing skills, like muscle memory. To do this, students need to write. Every single day.

GP FLASH!

MORE THAN 150 PAGES
OF GRAMMAR EXERCISES,
CHALLENGES AND GAMES!

INCLUDES AN
INTERACTIVE CREATIVE
WRITING POWERPOINT
PROGRAM

GP Flash!™ is perfect for getting things started at the beginning of class, livening up the middle, or revving up the tail end. How many sentences or exercises you want to assign is up to you. The Grammar Punk™ Dice keep things lively and the process of putting pen to paper is right where it belongs: in the hands and creative brains of your students. They *will* learn basic grammar

ONE SENTENCE
AT A TIME.

GP Flash!™ is a to-the-bone grammar/punctuation/writing program with an emphasis on learning by doing. *GP Flash!*™ is chock-full of writing exercises that teach by making students do *all* the writing. The lessons introduce students to the many types of words, concepts, and grammar rules strong writers need to succeed. We believe that practice makes perfect and *GP Flash!*™ is all about application. We've also sprinkled in games, challenges and a sense of humor to make this feel less like work and more like fun. We cover all the rules of grammar and punctuation, hitting the basics—and instilling them in your students—with sheer repetition.

These are practical skills we're trying to instill. It is not necessary to become a grammar snob; a workable relationship with grammar is sufficient to create a strong writer. Grammar rules exist to instill calm and order into the chaos of letters into words and words into sentences. Rote memorization of the rules is not terribly useful, nor will it improve writing skills. Assimilation of the rules depends on *using* the rules. In other words, the rules need to be instilled through use which means writing, lots and lots of writing, every single day.
